TEAR DOWN

THE WALLS

**A Social Justice Retreat in English at Casa
Manresa Retreat House in Tijuana**

Join us as we pray with the wisdom of St. Ignatius Loyola to tear down the walls between God and us and also the walls that separate us from each other. The fence that separates the United States and Mexico is clearly visible from our retreat house, and becomes a visible metaphor of how we separate ourselves from God and from other people. As we tear down the walls between God and us, so we tear them down between other people and us. We move to justice in heart, soul and body!
